INTRODUCTION

Al-Jaraf Al-Jadeed Gen. Cont. Est. (JJGC) a leading Contracting Establishment based in Jubail City, Kingdom of Saudi Arabia.

JJGC has started to cater the requirements of Industrial Sector in the regions of Saudi Arabia, established with a view to meet the growing demand of technical & commercial activities in Kingdom of Saudi Arabia and tune with the policy of rapid industrialization in the field of project support services to constructions, Oil & Gas, petroleum, chemical, Petrochemicals, fertilizer, power generation, steel plants and allied services.

We are growing phenomenally in the Saudi Arabia with backup of our satisfied customers and dedicated team of employees comprising professionals, skilled workers & Technical qualified people who never compromise on quality standards and customer satisfaction.

Our policy is to reach at the heights of our customer expectations.

JJGC Contracting Division is providing wide range of Engineering and Technical Support for new and existing projects and service sectors, which includes Manpower (skilled & semi-skilled), Mechanical, Electrical, Civil, Maintenance, Fabrication and Rental Equipment. Our strong pedigree of qualified and highly skilled sales & technical staff can provide customized solutions and technical guidance to fulfill and satisfy the customer requirement. Our contracting group is confident to take over any venture at site and to complete them in the given span of time.

JJGC Trading caters all the needs for an industry as well as projects. Our area of interests spreads over Mechanical, Electrical and Civil construction materials and maintains separate crews for each division all having a deep knowledge about the materials in concerned field.

We hereby submit our profile with much “Confidence & Expectation” as we have consolidated our infrastructure and activities to carry out all your requirements.

OUR POLICIES

- ➔ Lead all works by maintaining safety, quality and time.
- ➔ Treat all employees in good manner
- ➔ We strongly promote honest, positive attitude to be reflected in all dealings, thereby reputation of clients, customers and employees be earned.
- ➔ Encourage employees to develop their capabilities, provide them proper training as possible.
- ➔ Distinguish priority works to be completed on time.
- ➔ Listen clearly to client's scope of works in order to deliver appropriate.
- ➔ Services covering their expectation.
- ➔ Provide professional staff capable to handle any critical and sensitive works.

OUR VISION

To be a competent service provider in the market by supplying of highly standard products complying with safety, quality at optimum cost for the value to clients.

OUR MISSION

Maintain harmonious relationship with clients, customers and employees, endeavor to develop through their ultimate satisfaction, ensure welfare and human rights of employees are never revoked.

QUALITY POLICY

JJGC, having its own quality policy, strikes to execute industrial, commercial and civil engineering projects to the satisfaction of the customer in a professional manner. It's being done by constantly upgrading the working methodologies to enhance quality strictly within the assigned time schedules. Company Short Name is committed to provide consistently high quality construction which meet customer's specified contractual requirements. To achieve our targets we believe our Quality Management System (QMS) will ensure controlled work, compliance to standards, and appropriate communication across all levels, paving ways for better record keeping. The management commitment reinforces the same for continuous improvement through measurement and feedback processes which aim to improve customer satisfaction. The QMS we have adopted is in accordance with ISO9001:2008 requirements including: an integrated Business Management Manual, procedures, flow mechanisms and work instructions. This formalized system allied with staff training, skills, competences and measurable objectives works at corporate, departmental and personal levels to ensure a high quality deliverable.

QUALITY OBJECTIVES

- To deliver our clients the standards of quality specified in the contract within budget.
- To create and maintain a culture of quality within the group.
- To ensure that all our employees are trained in quality assurance and that this training is ongoing process at all levels.
- To provide the resources necessary to achieve the required level of quality.
- To ensure that quality control mechanisms are being sufficiently and effectively applied at all times and levels.
- To provide documentary evidence of all quality control measures.
- To ensure that all consultants, suppliers, sub-contractors and others who are involved in our projects meet the required quality standards.
- To continually review, improve and implement quality control and best practice procedures as per internationally accepted standards.

HEALTH & SAFETY POLICY

- **JJGC** is committed to provide a safe and healthy working environment for employees. The company understands that safety is the foremost for everyone involved directly or indirectly with projects implementation. We also believe that owners face a variety of risks that undertake a construction project. Not only must owner be concerned with potential risks to their employees, tenants, or property but they must also be concerned about the risks that the contractor bears. Safety is a critical item on all construction projects for multiple reasons includes protecting the welfare of employees; provide a safe work environment and controlling construction costs. Company Short Name believes the importance of safety as a cost controlling measure, means of reducing risks associated with construction.
- We also understand that by implementation of fully fledged safety rules and regulations, we have to face little upfront costs. Company Short Name is committed to provide a safe and healthy working environment for employees, visitors and customer to their work place.
- Health and Safety is a continuing objective and hence is an integral part of the business plan. We accept and recognize that safety is the responsibility of each and every individual in the company and not just the function of the management.
- **JJGC** maintains that health and safety of the employees and general public as the paramount importance. No employee is expected to carry out any task which they reasonably feel is unsafe and safety will always take precedence over expediency.
- **JJGC** provides necessary information, instruction and training to employees and others, temporary staff and sub-contractors to level their frequency of competence with respect to safety and health.
- **JJGC** is having its own health and safety committee comprising of very experience safety leads (Managers). The committee on regular basis interacts with all level of employees with the aim of introducing the pro-active health and safety instructions in their intellect and inculcating the same for knowledge.

ENVIRONMENTAL POLICY

In pursuit of our goals, we implement the following principals:

- We conduct our activities within the law and the requirements of the statutory. We are always striving to minimize the detrimental impacts of our projects on environment at large.
- We encourage sub-contractors and suppliers to pursue best practices and to apply environmental friendly solutions.
- Our related team meant for the job consistently sharing knowledge with our employees to make them abreast with up to date information for friendly working solutions in all respects.

JJGC believes in safe environment i.e. pollution free conditions to lead to better life, healthy conditions and eventually expedient work. We as a team know the dangers, the deterioration of ozone layer and of overall greenhouse effect. Our slogan regarding all such issue is:

LESS POLLUTION IS THE BEST SOLUTION

HUMAN RESOURCES POLICY

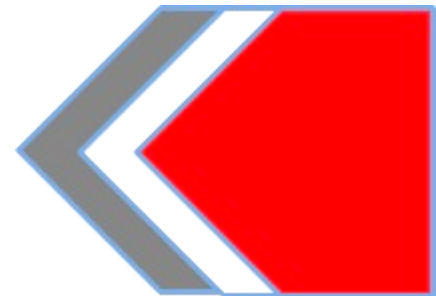

JJGC strongly oppose discrimination and believes in equal opportunities to all irrespective of race, color, religion, age, sex, nationality, disability while inducting employees into the company.

The only criterion of the company is to assess the attitude, experience and relevant field abilities of the intending individuals who wish to join us.

We believe in freedom of speech and discriminatory free environment for all employees, clients and indirect human resources. We categorically deny the concept of harassment at any stage. Keeping in view all the above, Company Short Name is having in view, its own human resource policy and tries its level best to recruit such individuals whose experience benefit the parties involved in the business and very much fruitful for the society at large.

Keeping in view the above, we believe and very much pragmatic to recruit human resources with the concept in mind “**Right Man For The Right Job**”. Notwithstanding, we implement all procedures imperative for fair selections however the same are pin pointed as under:

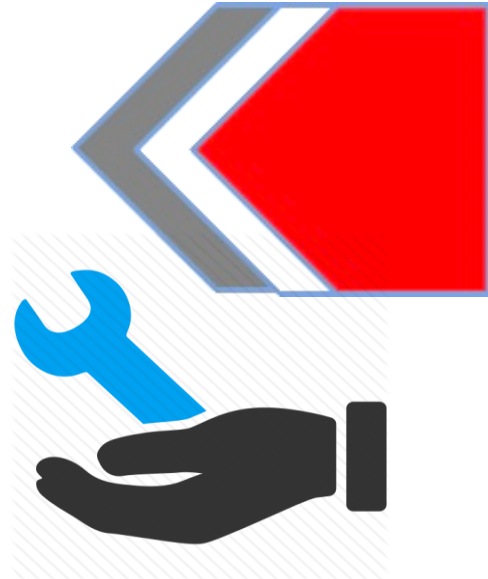

- We select our human resources with appropriate skills with an idea to boost the company's profits and reputation, ultimately develop the economy of the Kingdom of Saudi Arabia.
- We treat our all employees on equal basis.
- We believe that if our internal customer is not satisfied, we will not be able to satisfy the external customers.

OUR SERVICES

JJG Care quite manageable and committed to its services consisting of all kinds of Industrial Support Services to all Industries (such as petrochemical plants, gas plants, refineries, support industries, etc.) which are summarized as follows:

- Engineering Consultants
- Civil Works
- Maintenance - Mechanical, Civil, Electrical, Instrumentation
- FRP / GRP
- Fabrication, Welding & Painting
- Scaffolding Works
- Equipment Rental & Transportation
- IT Solutions
- Manpower Supplies
- Material Supplies (Industrial & Construction)

CIVIL SERVICES

Industrial Flooring.

Concrete repairs / Injection method.

Cable Pulling & Installation.

Asphalt Works.

Epoxy coating / painting.

Water proofing.

Supply & Installation of Fencing / Car Parking Shades

Trenching for pipes and cables.

Excavation, backfilling & compaction services.

Dewatering.

Design & Construction of precast foundations.

Construction of road humps.

Construction of concrete safety barriers.

Safety signage & Thermoplastic road marking.

MECHANICAL SERVICES

Supply of installation of metallic structures.

Fabrication of ladders / platforms.

Fabrication of rack supports for piping and tanks.

Fabrication & supply of Carbon steel tanks / vessels.

Metallic piping fabrication & installation.

Hydrostatic pressure testing.

Steel Fabrication

HVAC System (Chillers - AHU's - FCU's - Duct Works)

Irrigation System

Treatment System (Sewage & Water)

GRP/FRP/RTR/RTRP/GRE FITTINGS FABRICATION

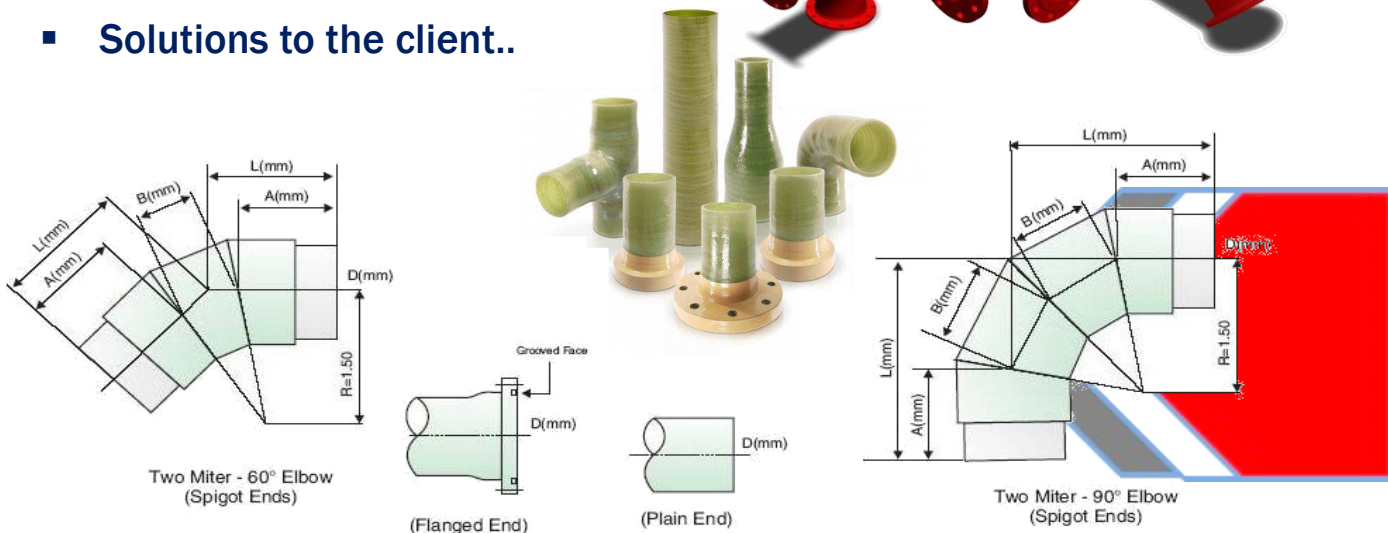

JJGC fabricates high quality molded fixed flange adopters, a durable and sustainable solution to lap joints. Flange adopters are all customized and made to order as per specific requirements, design parameters and drilling standard as to meet the customer needs and requirements.

Our experienced team of engineers and technical support specialists assist customers in the early planning and design stages. Our product experience ensure that our recommendation on product life cycle are accurate which allows the whole life cost of a product to be calculated to a high degree of accuracy. From concept to commissioning, Silo tank's team of Engineers provides the following **SERVICES:**

- Needs Analysis & Front End Engineering Design (FEED)
- Material Analysis and Corrosion Resistance
- Asset & Industry Standard Compliance
- Structural Calculations
- AutoCAD & Solid works 3D Modeling
- COSMOS finite element analysis
- Process Guarantees
- CAPEX & Whole Life Cost Analysis
- Solutions to the client..

On All Of Our Molded Flange Adopters
Against Any Defect Or Leakage.

ELECTRICAL SERVICES

Supply, installation and maintenance of electrical equipment.

Underground cable routing in electrical conduits.

Supply & installation of panel board along with cable installation.

Electrical Rewires & Water Proofing.

Electrification Works in Portacabins & Villas.

Data cabling installations.

Uninterruptable Power Supply (UPS).

General and periodic electrical inspections.

Fire alarm systems.

Heat pumps.

Installation of switchgear and control systems.

Underground cabling.

INSTRUMENTATION SERVICES

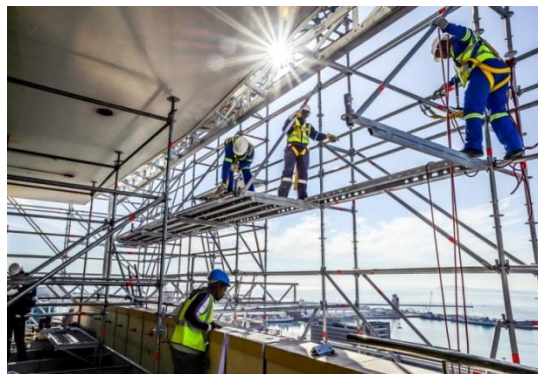

- Instrument calibration
- Instrument Installation (Field)
- Loop Test
- Instrumentation Construction Services
- Installation of Transmitters, Switches & Gauges for Pressure, Temperature Flow and Level application, Control Valves, on / off valves, Breather valves, Safety Valves, panels, junction boxes, cable laying & termination, perforated cable tray work, pedestal fabrication.
- Installation of process installation, termination & commissioning of indicators, transmitters and controllers & other field instruments
- Installation including cabling, marshalling panels, instrument air/gas tubing and impulse piping
- Ability to pre-fabricate instrument support.

SCAFFOLDING SERVICES

We are a specialist scaffolding access provider to the industrial locations of Saudi Arabia for the last decade. We provide a multi-product approach to the provision of scaffolding to both new and existing plants. Whether working on highly specialized industrial work or large commercial construction projects, the division offers comprehensive solutions that include design, erection and dismantling services. Regardless of the size or difficulty factor, our Scaffolding Services Division has the resources and expertise to get the job completed on time.

- New Plant Construction
- Plant Maintenance
- Plant Turnarounds
- Commercial Construction
- Power Projects
- Infrastructure Projects
- Building Refurbishment
- Cement Production Plants
- Steel Plants
- Design Solutions
- Scaffold Inspector Services
- On-Site Supervisor Services

IT - SOLUTIONS

Hardware System & Solutions.

Security Solutions.

.NET Programming

Java Programming

IT Staffing & Support Services.

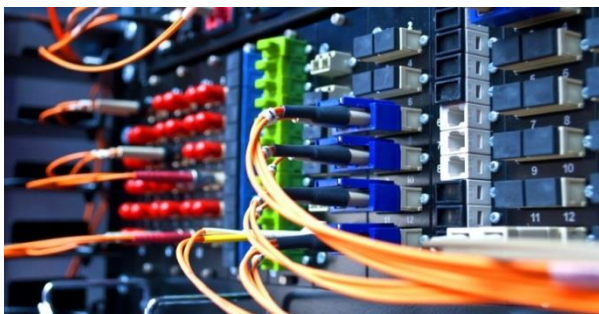

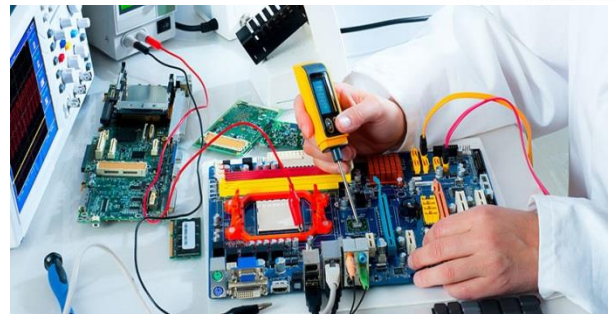

CCTV Installations.

Software Solutions & Consulting.

Telecommunications, Data Networks.

Installation of Fiber Optic.

Software Quality Assurance.

MANPOWER SUPPLIES

JJGC is providing various manpower for Long term, Short term and emergency Manpower Skilled & unskilled workers (workers to managerial level)

OUR SPECIALIZED MANPOWER

Engineers

Supervisor

Mechanical Fitters

Pipe Fitters

Pipe Fabricators

Fabricators

Mason

Electrician

Safety Officer – Aramco/TUV

IT Technicians

QA/QC – Aramco/TUV

E&I – Aramco/TUV

Rigger (I, II, III) – Aramco/TUV

Helpers

Labors

Male Nurse – Aramco/TUV

Foreman

Flagman

Welders (3G, 4G, 6G, Multi) – Aramco/TUV

Diesel Mechanic

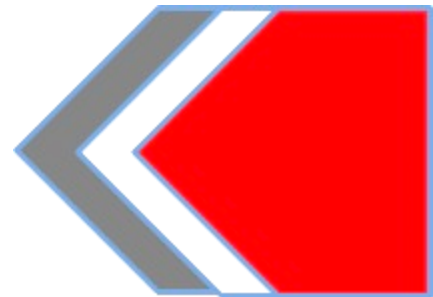

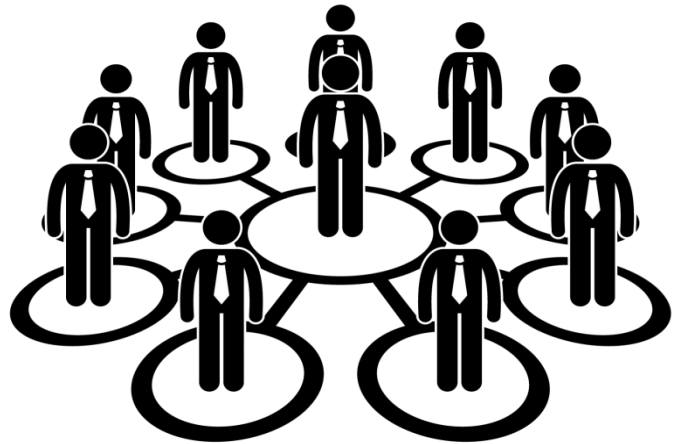

Store Keeper

Material Expeditor

Surveyor – Aramco/TUV

Camp Boss

All Kind of Heavy Machinery Operators – Aramco/TUV

MATERIAL SUPPLYING – TRADING DIVISION

Our Trading department is one of the best in the Kingdom of Saudi Arabia serving large number of clients in Building & Industrial Sector.

OUR SPECIALIZED MATERIALS

Electricals

Instrumentations

Pipes & Fittings

Rig Items

Spare Parts

Valves & Flanges

Pumps, Vessels, Gaskets Etc.,

Tools / Oils & Lubricants

Cables

Complete Safety Solutions – Wears, Fire Hazard, Signage, Barricades

EQUIPMENT RENTAL

Heavy Lifting Equipment.

Renting of operated earthmoving Equipment.

Experienced trained mechanics.

24/7 reliable service.

Highly trained machine operator.

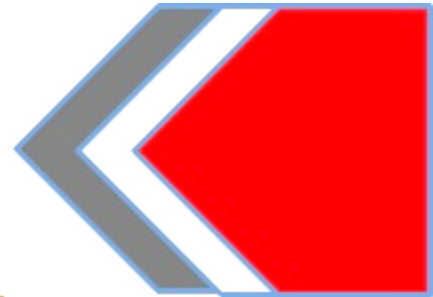

Generator – Electrical & Diesel

Tower Lights

Boom Truck

Vacuum Truck

Manlift

TRANSPORTATION DIVISION

Dump Truck

Ashok Leyland Bus

Low Bed Trailers

Flat Bed Trailers

Pick UP

Coaster

Dyna

Hiace
